I. Financial Aid

LEHIGH UNIVERSITY (PA) FINANCIAL AID FOR INTERNATIONAL STUDENTS

The university awards financial aid on the basis of demonstrated need. Merit scholarships may also be awarded on a limited basis. No application is necessary for merit scholarships.

Non-U.S. citizens do not qualify for any federally funded programs, therefore the university subsidizes all funding through institutional sources. Each year we anticipate a fairly small and highly qualified group of non-U.S. citizens to be offered financial aid.

UNIVERSITY OF KANSAS (KS) STUDENTS RECEIVE GLOBAL AWARENESS PROGRAM CERTIFICATES

Eighty-five students at the University of Kansas (KU) received Global Awareness Program certificates at an annual recognition ceremony. The Global Awareness Program (GAP) awards transcript certification to students who have demonstrated a heightened degree of global engagement through their academic coursework, experiences abroad and co-curricular involvement. GAP is open to all undergraduate students who wish to supplement their KU degree with this unique certificate.

GAP consists of three main components: Academic, Co-curricular, and International Experience. Students may choose any two components to complete certification, and those who fulfill all three components will receive certification with distinction. Students can tailor their GAP experience to fit their interests, experiences, and degree requirements. With its interdisciplinary emphasis and flexibility, GAP offers all students the chance to distinguish themselves and demonstrate that they are better prepared to live, lead, and work in a global society.

In the current academic year, 220 students at the University of Kansas have received certification with more expected by the end of the semester. Ten students have completed all three tracks of program in order to receive distinction. Twenty international students were honored.
