Hamilton

For those international students admitted into the Class of 2014, Hamilton offered approximately \$1.5 million in scholarship aid. The average Hamilton College scholarship for this year's incoming class is \$41,912. While this may seem like a substantial amount, the pool of international students applying for this aid is extremely competitive. Financial aid packages typically include Hamilton College Scholarship and campus employment. Hamilton meets the full demonstrated financial need of every admitted international student for all four years. Students/families are required to apply for financial aid annually.

CENTRAL MICHIGAN UNIVERSITY LOOKS TO INCREASE INTERNATIONAL STUDENT ENROLLMENT

Central Michigan University is focusing on gaining more international students and increasing the number of students studying abroad this year. Increased globalization, an appreciation of different cultures and compensating for CMU's low enrollment numbers because of fewer Michigan high school graduates contribute to the interest in international student enrollment.

"A greater number of students from international backgrounds add an awareness of global cultures, issues and experiences to the classroom and the campus community," said Tracy Nakajima, director of international student and scholar services.
