## NEW YORK UNIVERSITY SCHOLARSHIPS AND GRANTS

Founded in 1831, New York University is now one of the largest private universities in the United States. Of the more than 3,000 colleges and universities in America, New York University is one of only 60 member institutions of the distinguished Association of American Universities.

A financial aid package at NYU takes into account both financial need and academic merit. Although merit-based scholarships are available, NYU is committed to using the vast majority of its scholarship funds to assist students whose families are unable to pay the full cost of an NYU education. All students are automatically considered, and there is no separate application necessary for NYU scholarships.
